What do you hope to accomplish with this project or activity?

Please attach a budget describing how you plan to use the money.

What other sources of funds will you use to support this project?

Feel free to attach any other information that will enhance your application

Guidelines for Project Incentive Requests

The 4-H Foundation has set aside money that clubs can apply for to do special projects. Maybe your club wants to do a community service project but needs to purchase some tools or materials to work with. Or maybe you've always thought it would be great to take the club on that once-in-a-lifetime trip where they could get some great hands-on experience in their favorite project area. You probably have lots of creative ideas. To apply for these funds, all you need to do is fill out this short application form. Review the guidelines below and contact the Cooperative Extension office at 684-3001 if you have questions.

1. Requests will be limited to \$300.00 maximum
2. Funds must be used within one year of being granted.
3. Applications will be accepted two times each year: Jan 15th and May 1st
4. A committee will be appointed by the Foundation to review applications and determine awards.
5. Award recipients will be required to submit a short report highlighting how the money was spent for use in the Flash and to submit an article to local newspapers.

Completed applications should be sent to:
Madison County 4-H Foundation
P.O. Box 297
Morrisville, NY 13408
