

## 2011 Farm Guide Information

The purpose of the new map is to guide area residents and visitors to buy products directly from local farmers. To be included, you must grow most of the products you retail. Products processed off the farm, but made from raw materials grown on the farm qualify. Not included on this map, are farmers who mainly retail products that aren't grown on their farm.

### INFORMATION NEEDED:

Farm name: \_\_\_\_\_

Owner/Manager name: \_\_\_\_\_

Street Address: \_\_\_\_\_

Mailing Address (if different from street address): \_\_\_\_\_
